

SUMMER PERFORMING ARTS

inspiration through the arts

SPA

Elementary SPA (grades K-5) is a two-week exploratory workshop full of activities such as creative dramatics exercises and theatre games. Students develop characters, create plays, and perform for each other on a daily basis. Also, on the last day there is a student-prepared public performance. Elementary SPA will be held in the little theater at Harrisburg High School.

Middle School SPA (grades 6-7) is a four-week session focusing on drama, dance, and music. The focus of this program is process rather than product, so emphasis is placed on training. The end performance is a show and tell of what they have learned throughout the session. Middle School SPA will be held at North Middle School.
